CAPABILITY STATEMENT

ABOUT US :

QUICK FACTS

TDS is a boutique software development and data science consulting company.

Founded 2010
8(a) certified (Exit Date: 08/24)
Woman Owned Small Business
DUNS 055293316
CAGE 6Q0H3
CPARS Rating Very Good

OUR VISION

TDS' goal is to build innovative data tools and products for agencies invested in knowledge graph analytics and research and to contribute software to open source.

OUR MISSION

Our mission is to enable analysts to answer directed questions and accurately mine patterns of risk from their data.

OUR SERVICES

TDS evaluates and develops an understanding of client data needs, while applying experienced analytical and expert data science techniques to solve complex problems.

TDS collaborates with customer subject matter experts to solve subject domain challenges and to translate perspective and questions into actionable data queries and models which allow for meaningful and focused data exploration.

Proven track record of data science, analytics consulting and custom software development to address business challenges. Team experience across multiple projects, within regulatory and financial institutions, including IRS and FINRA.
